| <b>Section #</b>  | <b>C</b>   | <b>NC</b>  | <b>R</b>                      | <b>Narrative</b>  | <b>To Be Corrected</b> |
| 324   | X  |  |                               | Observed sewage water coming from back employee bathroom. PIC stated that the floor drains were slow to drain the water. PIC stated the toilet was clogged with paper towels, but an employee had unclogged it. The establishment had shut down and thrown out all food products that had touched the water. FCHD recommends the establishment contact a plumber to investigate the floor drains. | 7/8/22                 |
| 109   | X  |  |                               | Observed no immediate notification from establishment of health hazard and shut down of establishment.  | 7/8/22                 |
